Liquid Spaces

Liquid Spaces présente un panorama original d'installations, aménagements d'intérieurs et scénographies de lieux d'expositions. En redéfinissant les attentes du public, les créateurs de ces environnements réinventent l'aménagement en jouant sur la lumière, les textures, l'insonorisation et les proportions, pour que les visiteurs puissent interagir avec l'espace. On retrouve parmi ces architectes et designers d'espace le japonais Sou Fujimoto ou encore les français Jakob & Macfarlane.
